Notes:

1. 2021 figures are shown in brackets.
2. Maximum possible score is 71 (19). Occasions where ringing is by invitation are not included.
3. Total attendance by ringers was 1147(266). This figure includes 35 attendances by identified ringers who are not shown and who rang once only in 2022 and (in most cases) were not recorded in 2021. The total also includes 6 (1) attendances by unidentified visitors. The average attendance was 16.2(14.0).
4. The longest uninterrupted run was 71 consecutive attendances achieved by PJH who had a 100% attendance record in 2022 albeit with one attendance recorded with an asterisk (*q.v.*). If roll-overs from 2010 onwards are taken into account, PJH's run extends to 888 consecutive attendances which comfortably exceeds any previously recorded such figure. His run also spans over 10 years.
5. Each asterisk by a name indicates that an attendance has been counted although the ringer did not actually ring.
